

OBITUARY IN MEMORY OF
SENSEI FUJITA MASATAKE

21 April 1937 - 28 May 2014

Fujita Sensei, born on April 21th 1937, passed away at the age of 77 years, on the morning of May 28th 2014.

Fujita sensei was an important member of the staff at Aikikai Hombu dojo for many years. He also has long been the technical director of the Dutch Cultural Aikido Federation (CABN).

After a brain stroke some years ago he spent time in hospitals and rehabilitation and stopped his active Aikido teaching.

However we're very fortunate to have been taught by this great sensei. Fujita sensei was very keen on teaching us some basic principles in Aikido. He is well known for his figurative approach using the triangle, circle and square to explain body movements.
